

RVshare is Honored in Built In Austin's Prestigious Best Small Companies to Work for List in 2020

AUSTIN, Texas - Feb. 3, 2020 — RVshare, the world's first and leading RV rental marketplace, today announced it was included on Built In Austin's list of Best Small Companies to Work for in 2020. RVshare was recognized for its well-rounded benefits package, workplace culture and competitive salaries.

"RVshare is proud to make Built In's 2020 list," said Jon Gray. "We have a fun, self-starting, collaborative work environment with employees that come to work every day determined to build a successful marketplace for RV owners and travelers. We believe in trusting our employees, flexibility and continuing to create a workplace people are excited about, and we are thankful to be recognized for that."

"We extend our heartfelt congratulations to our 2020 honorees. Built In aims to change lives by connecting talented tech professionals with jobs they were born to do. These companies have become part of that mission because they stand for more than just the work they're doing. They stand for their people and purpose," said Maria Christopoulos Katris, CEO and Co-Founder of Built In. "We also extend our gratitude. These companies exemplify what it means to be an employer of choice for today's purpose-driven tech workforce. Writing about them inspires us daily and, in terms of our offering, gives us total confidence that the professionals who visit our websites will find work that gives them a strong sense of professional and personal meaning."

Companies are selected based on data submitted by companies and their employees. Built In's list rates companies algorithmically based on compensation data and employer benefits. Rank is determined by combining a company's score in each of these categories.
